

New ARNHA book honors Jo Smith

An American River Journal, a new American River Natural History Association publication, is available now. It features drawings by the late Jo Glasson Smith, widely respected naturalist, illustrator, and ARNHA co-founder, along with essays by Peter Hayes, retired newspaper editor and ARNHA publications committee volunteer.

ARNHA is publishing the volume in memory of Jo, who died last Dec. 29, and as a tribute to both Jo and Peter who, as longtime members of its publications committee, have been key to fulfilling ARNHA's mission of "bringing nature to people and people to nature."

The book sells for \$9.75 at:

- the Effie Yeaw Nature Center gift shop
- www.arnha.org
- selected bookstores, and
- mail order (use order form below)
