Bugs in the Mud

There are living things in that mud? Find out what lives in the mud and muck at the bottom of the Nature Center pond. Join us for a close-up look at the insects and their murky underwater world.

Saturday the 5th at 1:30PM

Maidu Abalone Pendants

Learn the skill of making abalone necklaces the way the native Maidu have for centuries, then take your craft home to show your friends.

Sunday the 6th at 1:30PM

Evening Beaver Walks

Meet up with Jack and search for one of nature's engineers, the beavers. Limited to eight people, best suited for adults and children 7 years and older. Call Jack at 967-0777 for time and to make a reservation.

Tuesdays the 8th and 29th and Monday the 14th, call for times

Avian Antics

Birds are some of the most observable wildlife. Get a close up look at what makes them unique. With the use of artifacts and live examples you will learn about these special animals.

Saturday the 12th at 1:30PM

Natural History Hike

Enjoy the majesty of 200-year old oak trees and look for deer and turkeys trying to stay cool on hot summer days. Take this guided walk to discover how the plants and animals in the Nature Area each have a place in their environment.

Sunday the 13th at 1:30PM

Six-Legged Sensations

Join a naturalist for a close look at insects commonly found in and around the Nature Area. Then take a creature safari and observe insects in their natural habitat.

Saturday the 19th at 1:30PM

Habitat Improvement

Come and help Jack improve the Nature Area. Call Jack if you are planning to come at 967-0777.

Sunday the 20th at 8:00AM

Songs in the Wild

Join musician/naturalist Ryan Pocan to make a musical instrument with materials from nature, then learn to sing and play some nature songs.

Sunday the 20th at 11:00AM

Who Are the Maidu People?

They are the native people that have lived in this area since long before Europeans came to California. Join a naturalist to view slides and artifacts, and then take a tour of the Nature Center's replica Maidu village.

Saturday the 26th at 1:30PM

Home Sweet Habitat

From a hole in a dead tree to a damp spot under a log, many critters find their homes in the Nature Area. Join a naturalist and discover what makes a habitat.

Sunday the 27th 1:30PM
